

CSCI-E97
Grade Sheet for Assignment 1

Name _____ Graded By _____

Score: /40

Execution

<i>Criteria</i>	<i>score</i>	<i>Grader Comments</i>
Code and documentation are packaged per specification	/5	
Code compiles with the command javac cscie97/asn1/knowledge/engine/ *.java cscie97/asn1/test/*.java	/5	
Code runs “out-of-the-box” with the correct java command and the two input files supplied with assignment. {The student might have an alternate command line for this}	/5	
Additional features work as documented (e.g., student supplies additional input files that demonstrate error handling or other working features of program)	/5	
Other Comments		
Grade	/20	

Design Feedback and Source Code Review

<i>Criteria</i>	<i>Score</i>	<i>Grader Comments</i>
Written documentation provided describing any variations from design with justifications, and feedback on the Knowledge Graph Design.	<i>/5</i>	
General organization of code, use of packages as prescribed. Code is well commented	<i>/5</i>	
Appropriate use of exception handling (both on raising exceptions and catching exceptions)	<i>/5</i>	
General quality of implementation (clarity, readability, commenting)	<i>/5</i>	
Other comments (e.g., what improvements could the student make)		
Grade	<i>/20</i>
